# About us

With some of the UK and the world's largest organisations as clients, Study Academy delivers proven knowhow in the production and distribution of online learning materials.

With an extensive library of off the shelf courses that can be used by organisations in all sectors, to bespoke elearning development, we have your learning and development needs covered.

To date, Study Academy & partners have developed over 5000 courses and delivered online & practical training to individuals and organisations across the world. Our courses are available for a simple set monthly fee, enabling you to qualify your workforce in a cost effective and efficient way.

Our courses are developed using industry leading development software, this means that if you have your own online learning platform, we can simply send you the course files to upload. Alternatively, we can give your staff access to our courses via our own platform. Monthly staff progress reports are available to keep you up to date with your teams learning journey and results.

## In summary, Study Academy can help you to:

- Rethink your elearning offering
- Brand and/or develop elearning courses to suit your organisational needs
- Deliver face to face training on site at your premises
- Qualify your staff for a set monthly fee

# Our Packages

Our corporate packages give you access to our course library enabling you to qualify your staff for a set monthly fee.

Below are some of our most popular packages. You can also order courses on a pay as you go basis, simply search for the course on our website. You can see the selection of courses that are available on the next page.

Can't see a course that you need? Let us know, we can develop courses to order and add them to your monthly package.

## Bespoke eLearning

Whether it's your onboarding and induction training or whether it's simply a bespoke in-house course that you need in an online format, Study Academy can help.

We have developed bespoke and fully branded content for our clients. Our Subject Matter Experts can work with your team to develop highly engaging and interactive content.

The average course is approximately 125 slides of Articulate Storyline content. We charge just £7.85 + VAT per slide. Each development project is quoted prior to commencing and we work with our clients to ensure the final course delivers exactly what they need.

# What our clients say

Study Academy delivers some of the UK's leading online and practical training courses. Don't take our word for it, here's what some of our awesome clients had to say:

*"You are saving us £4.4 Million annually thanks to your innovative and effective learning solutions. Productivity has increased in stores and this has resulted in an increase in revenue"*

*"We have recently used Study Academy and found them to be extremely professional. We would recommend them to any other organisation looking to update their compliance training"*

*"Where Study academy really break the mould is with the passion and understanding for your specific business needs. With them there really is no such thing as one size fits all. It is for this reason that I trust them undeniably with my training needs"*

*"It's been fantastic working with Study Academy, the expertise couple with the innovative flair has helped make the project a huge success"*

*"The Study Academy team have developed a full suite of branded elearning courses for our business. This has enabled us to reduce our induction package from 7 days in a classroom to just 2 days, with the remainder being via engaging online training"*

*"Study Academy are truly brilliant. The online learning solutions that they have delivered for us are second to none. We have trained over 3500 staff members in areas of regulatory compliance to ensure our FCA regulated arm of the group is compliant"*

**Study Academy and Partners are proud members of and accredited by:**
