

About us

With some of the UK and the world's largest organisations as clients, Study Academy delivers proven knowhow in the production and distribution of online learning materials.

With an extensive library of off the shelf courses that can be used by organisations in all sectors, to bespoke elearning development, we have your learning and development needs covered.

Our courses are developed using industry leading development software, this means that if you have your own online learning platform, we can simply send you the course files to upload. Alternatively, we can give your staff access to our courses via our own platform. Monthly staff progress reports are available to keep you up to date with your teams learning journey and results.
