# Client Testimonials

"I joined the business 2 years ago and at the time DivideBuy were using various platforms and partners for multiple areas such as HR, policies and e-learning. Study Academy had been delivering e-learning services for the business for 3 years at the point of me joining the company. I only heard good things from the exec team and staff. I met with John and Paul to see if they could build an all encompassing platform that would cover our compliance needs due to us being a regulated company and also expand the library of courses. Study Academy delivered above and beyond in all aspects."

**David Stewart Head of Compliance**

"In less than 6 months Study Academy have created us two fantastic bespoke solutions to enhance and compliment our current performance management offering. Study Academy has delivered a true partnership build, with flexibility, expertise, and excellent support. Working with Study Academy is like having an extended team, they are super friendly and always quick to respond to any queries. I look forward to working with them more this year, John, and Bryan, a big thank you for all of your hard work"

**Hayley Rolls Digital Learning and Academy Specialist**

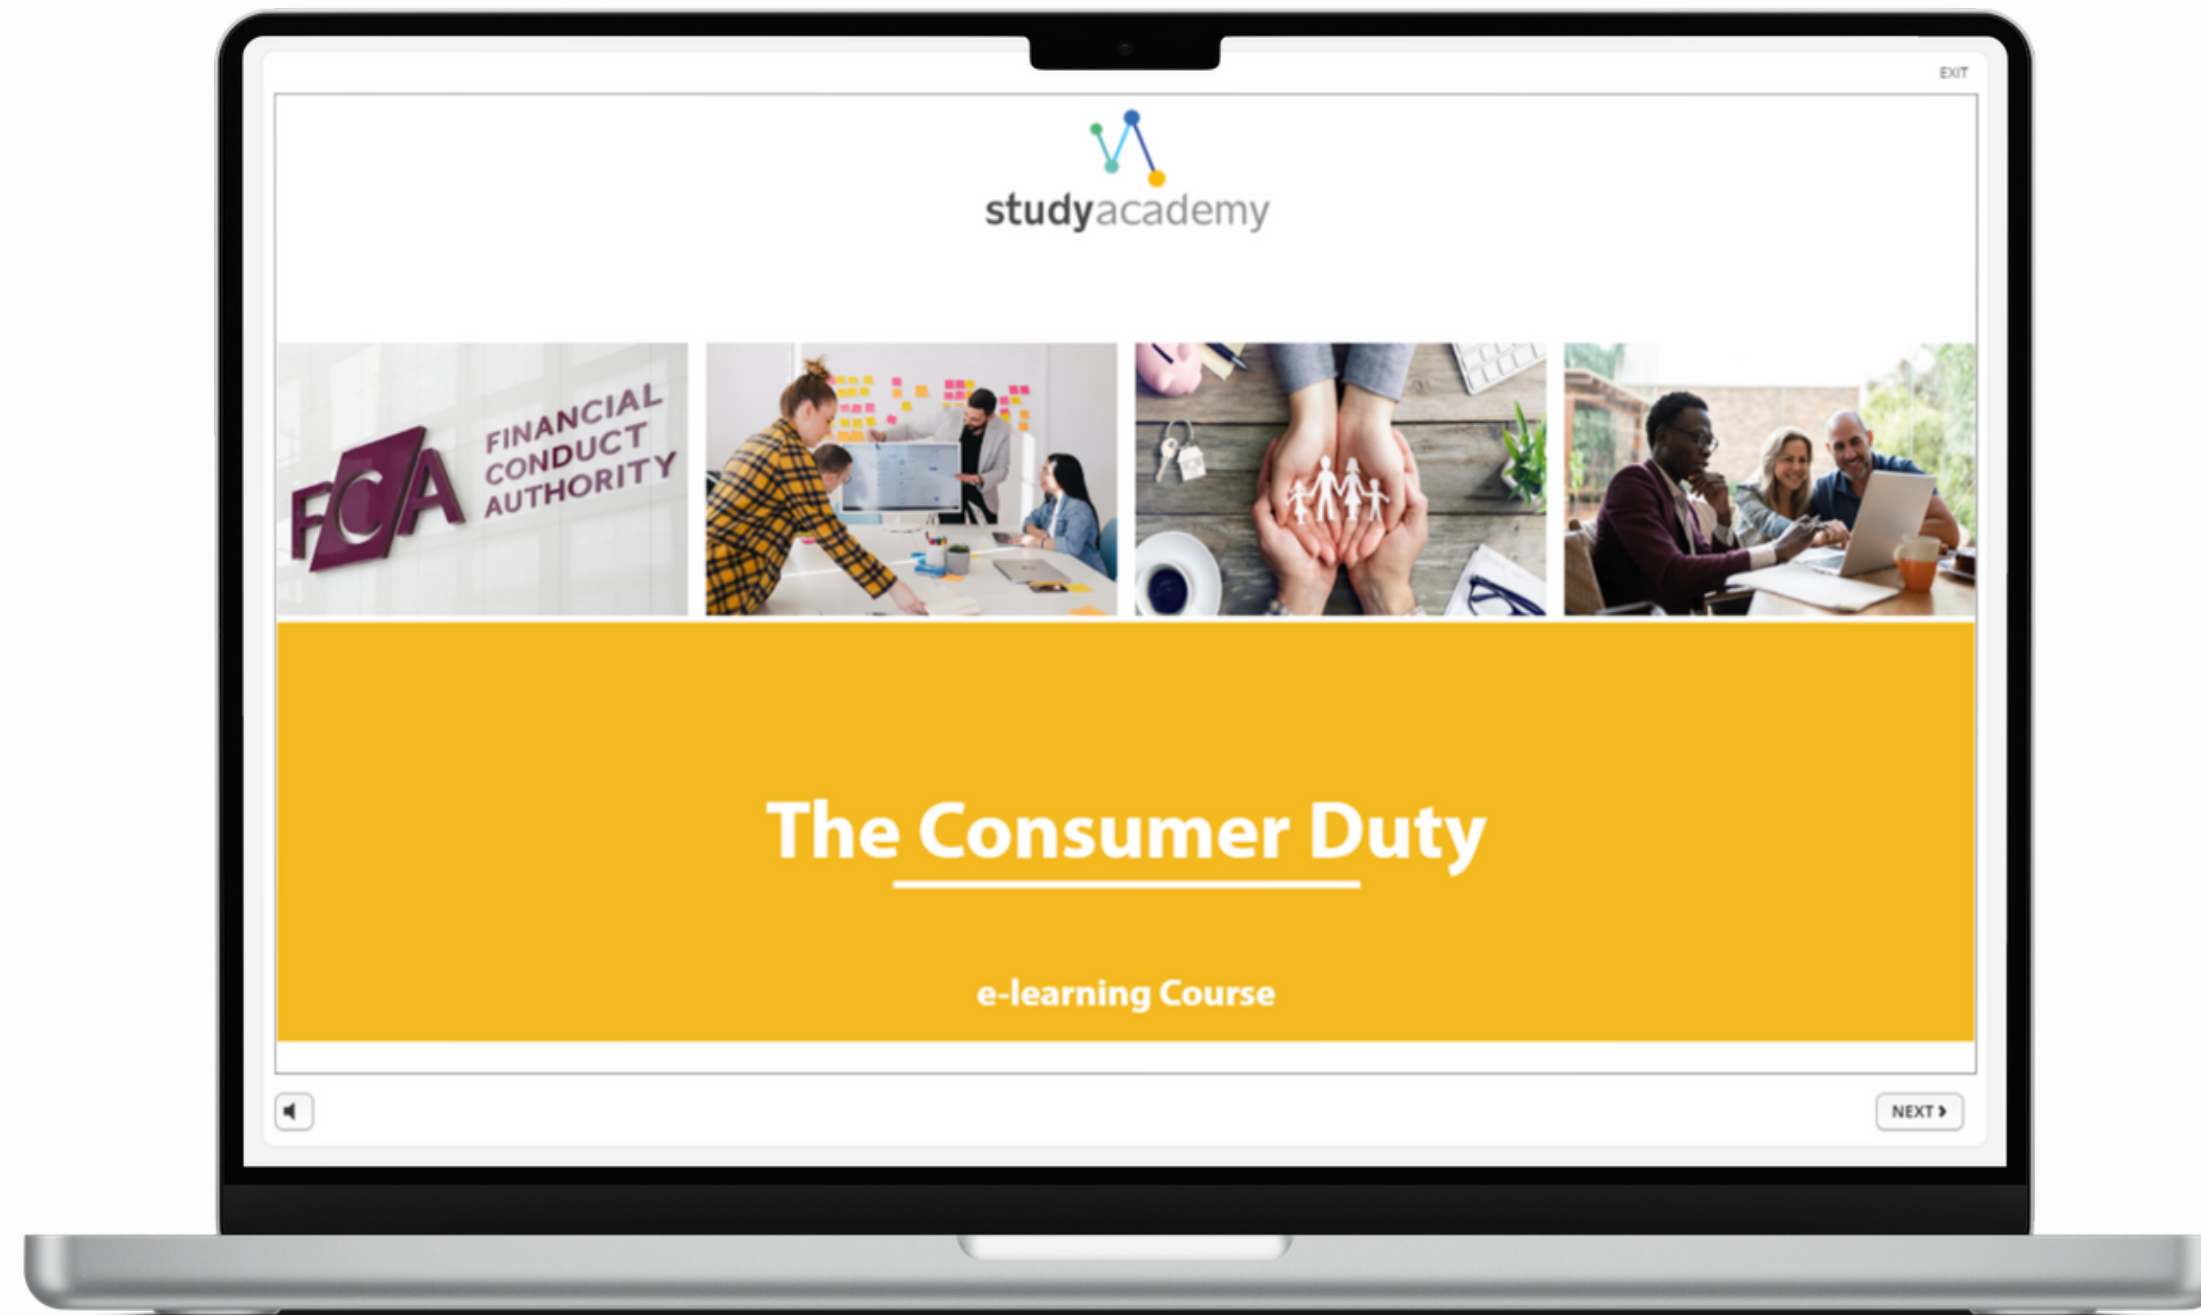

"HomeServe UK is an FCA regulated organisation. We have over 3,500 employees that require interactive and engaging e-learning on an annual basis. We have our own LMS and our courses had become dated. We instructed Study Academy to design and develop bespoke e-learning and we also licenced a range of off-the-shelf courses that met our needs. John and his team have been fantastic, the courses meet our regulatory needs and Study Academy are a pleasure to work with. It genuinely feels like a partnership"
